Wednesday, September 28, 2016
12:15pm, Art Gallery of Guelph
358 Gordon St, Guelph

Join us for a public talk:

**Alternative Stable States,
a Forest-Grassland-Agriculture
Mosaic, and a Poem**

Madhur Anand is Full Professor in the School of Environmental Sciences, University of Guelph and Director of the Waterloo Institute for Complexity and Innovation. She has author/co-authored over 90 peer-reviewed scientific articles and a scientific book entitled *Climate Change Biology* (CABI). Her debut book of poems entitled *A New Index for Predicting Catastrophes* (Random House Canada, 2015) was nominated for the 2016 Trillium Book Award for Poetry.
