

SES Fall Seminar Series

Dr. Alfons Weersink

Dept. of Food, Agricultural & Resource Economics,
OAC, University of Guelph

'Agri-Environmental Policy- Complications and Options'

Bio: Alfons Weersink is a professor in the Dept of Food, Agricultural and Resource Economics at the University of Guelph. He has been at Guelph since obtaining his PhD at Cornell aside from sabbaticals at Stanford University, University of Western Australia, and Wageningen University. His research focuses on the effect on technology and government policy on the decisions made by farmers and the resulting impact on the structure of the agrifood sector.

Friday
November 6,
2015
3:30 - 4:30 pm
Alexander Hall
Room 218

All are welcome to attend!
