Speakers Series

Fall 2023

Amanda White

Talk - November 16, 6:30pm
Art Gallery of Guelph

Workshop - November 17, 1:00 - 3:00 pm
Edmund C. Bovey Building, University of Guelph

This Workshop will be an exploration of image making techniques related to plants and food systems which will be hosted at the Plant Agriculture Facilities. Participants will explore anatype printing, an image making technique using flower or plant extracts, as well as soil imaging techniques. Participants can bring a small soil sample, further instructions will be provided.
